

HORTICULTURE

1. Read General Rules.
2. All Horticulture, Pomiculture, and Floriculture exhibits must be entered on Thursday of the fair.
3. Your Floriculture should be displayed in non-heirloom glass containers. Pomiculture and Horticulture display on black plate no larger than the items you are displaying and should not be decorated.
4. Exhibits in this division need not be mature. Efforts should be made, however, to select as mature entries as possible.
5. Quality, condition, and uniformity of exhibit will be considered. Choose vegetables for exhibit that will hold up well during the Fair. Avoid over-ripe or over-mature specimens. Those that are slightly under-ripe or slightly immature when picked may last longer.
6. Exhibits must be grown by exhibitor. The judge has the right to not judge any exhibit they feel has not been grown by the exhibitor with no explanation needed.
7. Superintendent reserves the right to add, divide, shift, or rearrange entries or classes if/as needed in horticulture, pomiculture and floriculture areas.

FLORICULTURE

Dept. FC

1. It is suggested that flower entries be brought to the fair in disposable glass containers. However, if exhibitor chooses otherwise, it is his/her responsibility to pick them up at fair's end.
2. Exhibitor will furnish all size appropriate containers for proper staging of exhibit and display.
3. No aluminum cans will be accepted.
4. There is no limit to the number of entries an exhibitor may enter.
5. Exhibits must be grown by exhibitor.
6. Plants must be owned by exhibitor at least 60 days prior to the fair.
7. When **single stem (1 only)** is designated, there is no limit to the number of blooms on stem.
8. Flowers and plants will be judged on excellence, uniformity of color and size, freshness, peak of perfection, and quality of stems and foliage.
9. Display may contain foliage to make the exhibit more attractive.
10. If need be, superintendent reserves the right to add, divide, shift, or rearrange classes if/as needed.
